

## The BE TURBO-Product portfolio:

Original from manufacturer

### TURBOCHARGER

With us you get the complete turbocharger program for all applications. Original quality, coupled with speedy delivery and highest availability. Through the manufacturers we offer you an authorized warranty processing.

### TURBOCHARGER KITS

Use our TURBOCHARGER KITS for a more efficient workflow and optimal time savings. These KITS contain everything you need for worry-free installation. You can recognize them by the **K1/SK1** designation in the article number. Available from stock:

- TURBOCHARGER-KITs
- TURBOCHARGER SUPERKITs

### REMANUFACTURED

BE TURBO offers you an interesting range of turbochargers for the reconditioning of older vehicles. These turbochargers have been prepared by the original manufacturer or by BE TURBO according to the manufacturer's specifications. You can recognize them by the **RED** marking in the article number.

- TURBOCHARGER
- TURBOCHARGER-KITs

### ACCESORIES

In addition to the turbochargers of the original manufacturers, we offer a comprehensive range of accessories and peripheral parts such as

- Fitting- and assembly KITs
- Charge air hoses
- Control units
- Manifolds
- EGR valves for commercial vehicles
- Engine brake valves for commercial vehicles
- Thermostats
- EGR cooler
